### IMPORTANT NOTICE

**This packet of notices related to our health care plan includes a notice regarding how the plan's prescription drug coverage compares to Medicare Part D. If you or a covered family member is also enrolled in Medicare Parts A or B, but not Part D, you should read the Medicare Part D notice carefully. It is titled, "Important Notice From Georgia Dental Association About Your Prescription Drug Coverage and Medicare."**

**MEDICARE PART D CREDITABLE COVERAGE NOTICE**  
**IMPORTANT NOTICE FROM GEORGIA DENTAL ASSOCIATION ABOUT**  
**YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE**

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Georgia Dental Association and about your options under Medicare's prescription drug coverage. This information can help you decide whether you want to join a Medicare drug plan. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

If neither you nor any of your covered dependents are eligible for or have Medicare, this notice does not apply to you or your dependents, as the case may be. However, you should still keep a copy of this notice in the event you or a dependent should qualify for coverage under Medicare in the future. Please note, however, that later notices might supersede this notice.

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Georgia Dental Association has determined that the prescription drug coverage offered by the Georgia Dental Association Employee Health Care Plan ("Plan") is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is considered "creditable" prescription drug coverage. This is important for the reasons described below.

---

Because your existing coverage is, on average, at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to enroll in a Medicare drug plan, as long as you later enroll within specific time periods.

**Enrolling in Medicare—General Rules**

As some background, you can join a Medicare drug plan when you first become eligible for Medicare. If you qualify for Medicare due to age, you may enroll in a Medicare drug plan during a seven-month initial enrollment period. That period begins three months prior to your 65th birthday, includes the month you turn 65, and continues for the ensuing three months. If you qualify for Medicare due to disability or end-stage renal disease, your initial Medicare Part D enrollment period depends on the date your disability or treatment began. For more information you should contact Medicare at the telephone number or web address listed below.

**Late Enrollment and the Late Enrollment Penalty**

If you decide to *wait* to enroll in a Medicare drug plan you may enroll later, during Medicare Part D's annual enrollment period, which runs each year from October 15 through December 7. But as a general rule, if you delay your enrollment in Medicare Part D, after first becoming eligible to enroll, you may have to pay a higher premium (a penalty).

If after your initial Medicare Part D enrollment period you go **63 continuous days or longer without "creditable" prescription drug coverage** (that is, prescription drug coverage that's at least as good as Medicare's prescription drug coverage), your monthly Part D premium may go up by at least 1 percent of the premium you would have paid had you enrolled timely, for every month that you did not have creditable coverage.

For example, if after your Medicare Part D initial enrollment period you go 19 months without coverage, your premium may be at least 19% higher than the premium you otherwise would have paid. You may have to pay this higher premium for as long as you have Medicare prescription drug coverage. *However, there are some important exceptions to the late enrollment penalty.*

### **Special Enrollment Period Exceptions to the Late Enrollment Penalty**

There are “special enrollment periods” that allow you to add Medicare Part D coverage months or even years after you first became eligible to do so, without a penalty. For example, if after your Medicare Part D initial enrollment period you lose or decide to leave employer-sponsored or union-sponsored health coverage that includes “creditable” prescription drug coverage, you will be eligible to join a Medicare drug plan at that time.

In addition, if you otherwise lose other creditable prescription drug coverage (such as under an individual policy) through no fault of your own, you will be able to join a Medicare drug plan, again without penalty. These special enrollment periods end two months after the month in which your other coverage ends.

### **Compare Coverage**

You should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. See the Georgia Dental Association Plan’s summary plan description for a summary of the Plan’s prescription drug coverage. If you don’t have a copy, you can get one by contacting us at the telephone number or address listed below.

### **Coordinating Other Coverage With Medicare Part D**

Generally speaking, if you decide to join a Medicare drug plan while covered under the Georgia Dental Association Plan due to your employment (or someone else’s employment, such as a spouse or parent), your coverage under the Georgia Dental Association Plan will not be affected. For most persons covered under the Plan, the Plan will pay prescription drug benefits first, and Medicare will determine its payments second. For more information about this issue of what program pays first and what program pays second, see the Plan’s summary plan description or contact Medicare at the telephone number or web address listed below.

If you do decide to join a Medicare drug plan and drop your Georgia Dental Association prescription drug coverage, be aware that you and your dependents may not be able to get this coverage back. To regain coverage you would have to re-enroll in the Plan, pursuant to the Plan’s eligibility and enrollment rules. You should review the Plan’s summary plan description to determine if and when you are allowed to add coverage.

**MEDICARE PART D CREDITABLE COVERAGE NOTICE**  
**IMPORTANT NOTICE FROM GEORGIA DENTAL ASSOCIATION ABOUT**  
**YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE**

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Georgia Dental Association and about your options under Medicare's prescription drug coverage. This information can help you decide whether you want to join a Medicare drug plan. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

2. Georgia Dental Association has determined that the prescription drug coverage offered by the Georgia Dental Association Employee Health Care Plan ("Plan") is, on average for all plan participants, **NOT** expected to pay out as much as standard Medicare prescription drug coverage pays, and is considered "non-creditable" coverage. This is important, because most likely, you will get more help with your drug costs if you join a Medicare drug plan than if you only have prescription drug coverage from the Plan. It's also important because if you delay your enrollment in a Medicare drug plan you may have to pay a late enrollment penalty later, when you *do* enroll in a Medicare drug plan. See the discussion below about late enrollment penalties that might apply when you move from "non-creditable" coverage to a Medicare drug plan after your first opportunity to do so.
3. You have decisions to make about Medicare prescription drug coverage that may affect how much you pay for that coverage, depending on if and when you join. Read this notice carefully—it explains your options.

---

Consider joining a Medicare drug plan. You can keep your coverage from Georgia Dental Association. You can keep the coverage regardless of whether it is "creditable" or "non-creditable," that is, regardless of whether it is as good as a Medicare drug plan. However, because your existing coverage is "non-creditable" coverage, meaning that on average it's NOT at least as good as standard Medicare prescription drug coverage, you may pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

**Enrolling in Medicare—General Rules**

As some background, you can join a Medicare drug plan when you first become eligible for Medicare. If you qualify for Medicare due to age, you may enroll in a Medicare drug plan during a 7-month initial enrollment period. ### ***Late Enrollment and the Late Enrollment Penalty***

If you decide to *wait* to enroll in a Medicare drug plan you may enroll later, during Medicare Part D's annual enrollment period, which runs each year from October 15 through December 7. But as a general rule, if you delay your enrollment in a Medicare drug plan after first becoming eligible to enroll, you may have to pay a higher premium when you later enroll in a Medicare drug plan.

If after your initial Medicare Part D enrollment period you go **63 continuous days or longer without "creditable" prescription drug coverage** (that is, prescription drug coverage that's at least as good as Medicare's prescription drug coverage), your monthly Part D premium may go up by at least 1% of the premium you would have paid had you enrolled timely, for every month that you did not have creditable coverage after your initial enrollment period.

For example, if you do not enroll in a Medicare drug plan during your Medicare Part D initial enrollment period, and you then go 19 months without "creditable" prescription drug coverage before enrolling in a Medicare drug plan, your Medicare drug plan premium may be at least 19 percent higher than the premium you otherwise would have paid. You may have to pay this higher premium for as long as you have Medicare prescription drug coverage.

***Please note again that Georgia Dental Association has determined the prescription drug coverage you currently have through its plan is NOT "creditable" coverage. This means that if you do not enroll in a Medicare drug plan during your initial enrollment period, and don't have or acquire "creditable" prescription drug coverage during the ensuing 63 days, you will pay a late enrollment penalty when you ultimately enroll in a Medicare drug plan.***

### ***Special Enrollment Periods and Exceptions to the Late Enrollment Penalty***

There are "special enrollment periods" that allow you to enroll in a Medicare drug plan months or even years after you first became eligible to do so. Whether you will be required to pay a late enrollment penalty when you enroll in a Medicare drug plan during a special enrollment period depends on whether you are moving to a Medicare drug plan from creditable or non-creditable prescription drug coverage.

If after your Medicare Part D initial enrollment period you lose or decide to leave employer-sponsored or union-sponsored prescription drug coverage, you will be eligible to enroll in a Medicare drug plan during a 2-month special enrollment period. If your employer- or union-sponsored prescription drug coverage was "creditable" coverage, your enrollment in a Medicare drug plan will be *without penalty* (assuming you did not have a 63-consecutive-day or longer break in "creditable" coverage after your Medicare Part D initial enrollment period). On the other hand, if the coverage was "non-creditable" your enrollment in the Medicare drug plan will be subject to a late enrollment penalty unless you had non-creditable coverage for fewer than 63 consecutive days after your Medicare Part D initial enrollment period.

In addition, if through no fault of your own you otherwise lose creditable prescription drug coverage (e.g., your employer- or union-sponsored plan's coverage changes from creditable to non-creditable, or you lose creditable prescription drug coverage under an individual policy), you will be able to join a Medicare drug plan without penalty. This special enrollment period ends two months after the month in which your other coverage ends.

***Please note again that Georgia Dental Association has determined the prescription drug coverage you currently have through its plan is NOT "creditable" coverage. This means when you lose or decide to leave coverage under the Georgia Dental Association health plan after your initial Medicare Part D enrollment period you will pay a late enrollment penalty when you ultimately enroll in a Medicare drug plan.***

### **Compare Coverage**

You should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. See the Georgia Dental Association Plan's summary plan description for a summary of its prescription drug coverage. If you don't have a copy of the summary plan description, you can get one by contacting us at the telephone number or address listed below.

### **Coordinating Other Coverage With Medicare Part D**

Generally speaking, if you decide to join a Medicare drug plan while covered under the Georgia Dental Association Plan due to your employment (or someone else's employment, such as a spouse or parent) your coverage under the Georgia Dental Association Plan will not be affected. For most persons covered under the Plan, the Plan will pay prescription drug benefits first, and Medicare will determine its payments second. For more information about this issue of what program pays first and what program pays second, see the Plan's summary plan description or contact Medicare at the telephone number or web address listed below.

If you do decide to join a Medicare drug plan and drop your Georgia Dental Association prescription drug coverage, be aware that you and your dependents may not be able to get this coverage back. To regain coverage you would have to re-enroll in the Plan, pursuant to the Plan's eligibility and enrollment rules. You should review the Plan's summary plan description to determine if and when you are allowed to re-enroll or add coverage.

IMPORTANT NOTICE  
COMPREHENSIVE NOTICE OF PRIVACY POLICY AND PROCEDURES**

**THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.**

This notice is provided to you on behalf of:

**Georgia Dental Association Health and Welfare Plan\***

\* This notice pertains only to healthcare coverage provided under the plan.

**The Plan's Duty to Safeguard Your Protected Health Information**

Individually identifiable information about your past, present, or future health or condition, the provision of health care to you, or payment for the health care is considered "Protected Health Information" ("PHI"). The Plan is required to extend certain protections to your PHI, and to give you this notice about its privacy practices that explains how, when, and why the Plan may use or disclose your PHI. Except in specified circumstances, the Plan may use or disclose only the minimum necessary PHI to accomplish the purpose of the use or disclosure.

The Plan is required to follow the privacy practices described in this notice, though it reserves the right to change those practices and the terms of this notice at any time. If it does so, and the change is material, you will receive a revised version of this Notice either by hand delivery, mail delivery to your last known address, or some other fashion. This notice, and any material revisions of it, will also be provided to you in writing upon your request (ask your Human Resources representative, or contact the Plan's Privacy Official, described below), and will be posted on any website maintained by Georgia Dental Association that describes benefits available to employees and dependents.

You may also receive one or more other privacy notices from insurance companies that provide benefits under the Plan. Those notices will describe how the insurance companies use and disclose PHI and your rights with respect to the PHI they maintain.

**How the Plan May Use and Disclose Your Protected Health Information**

The Plan uses and discloses PHI for a variety of reasons. For its routine uses and disclosures it does not require your authorization, but for other uses and disclosures, your authorization (or the authorization of your personal representative (e.g., a person who is your custodian, guardian, or has your power-of-attorney) may be required. The following offers more description and examples of the Plan's uses and disclosures of your PHI.

- **Uses and Disclosures Relating to Treatment, Payment, or Health Care Operations.**
  - **Treatment:** Generally, and as you would expect, the Plan is permitted to disclose your PHI for purposes of your medical treatment. Thus, it may disclose your PHI to doctors, nurses, hospitals, emergency medical technicians, pharmacists, and other health care professionals where the disclosure is for your medical treatment. For example, if you are injured in an accident, and it's important for your treatment team to know your blood type, the Plan could disclose that PHI to the team in order to allow it to more effectively provide treatment to you.
  - **Payment:** Of course, the Plan's most important function, as far as you are concerned, is that it *pays for* all or some of the medical care you receive (provided the care is covered by the Plan). In the course of its payment operations, the Plan receives a substantial amount of PHI about you. For example, doctors, hospitals, and pharmacies that provide you care send the Plan detailed information about the care they provided, so that they can be paid for their services. The Plan may also share your PHI with other plans in certain cases. For example, if you are covered by more than one health care plan (e.g., covered by this Plan and your spouse's plan or covered by the

plans covering your father and mother), we may share your PHI with the other plans to coordinate payment of your claims.

- **Health care Operations:** The Plan may use and disclose your PHI in the course of its “health care operations.” For example, it may use your PHI in evaluating the quality of services you received or disclose your PHI to an accountant or attorney for audit purposes. In some cases, the Plan may disclose your PHI to insurance companies for purposes of obtaining various insurance coverages. However, the Plan will not disclose, for underwriting purposes, PHI that is genetic information.
- **Other Uses and Disclosures of Your PHI Not Requiring Authorization.** The law provides that the Plan may use and disclose your PHI without authorization in the following circumstances:
  - **To the Plan Sponsor:** The Plan may disclose PHI to the employers (such as Georgia Dental Association) who sponsor or maintain the Plan for the benefit of employees and dependents. However, the PHI may only be used for limited purposes, and may not be used for purposes of employment-related actions or decisions or in connection with any other benefit or employee benefit plan of the employers. PHI may be disclosed to: the human resources or employee benefits department for purposes of enrollments and disenrollments, census, claim resolutions, and other matters related to Plan administration; payroll department for purposes of ensuring appropriate payroll deductions and other payments by covered persons for their coverage; information technology department, as needed for preparation of data compilations and reports related to Plan administration; finance department for purposes of reconciling appropriate payments of premium to and benefits from the Plan, and other matters related to Plan administration; internal legal counsel to assist with resolution of claim, coverage, and other disputes related to the Plan’s provision of benefits.
  - **To the Plan’s Service Providers:** The Plan may disclose PHI to its service providers (“business associates”) who perform claim payment and plan management services. The Plan requires a written contract that obligates the business associate to safeguard and limit the use of PHI.
  - **Required by Law:** The Plan may disclose PHI when a law requires that it report information about suspected abuse, neglect, or domestic violence, or relating to suspected criminal activity, or in response to a court order. It must also disclose PHI to authorities that monitor compliance with these privacy requirements.
  - **For Public Health Activities:** The Plan may disclose PHI when required to collect information about disease or injury, or to report vital statistics to the public health authority.
  - **For Health Oversight Activities:** The Plan may disclose PHI to agencies or departments responsible for monitoring the health care system for such purposes as reporting or investigation of unusual incidents.
  - **Relating to Decedents:** The Plan may disclose PHI relating to an individual’s death to coroners, medical examiners, or funeral directors, and to organ procurement organizations relating to organ, eye, or tissue donations or transplants.
  - **For Research Purposes:** In certain circumstances, and under strict supervision of a privacy board, the Plan may disclose PHI to assist medical and psychiatric research.
  - **To Avert Threat to Health or Safety:** In order to avoid a serious threat to health or safety, the Plan may disclose PHI as necessary to law enforcement or other persons who can reasonably prevent or lessen the threat of harm.
  - **For Specific Government Functions:** The Plan may disclose PHI of military personnel and veterans in certain situations, to correctional facilities in certain situations, to government programs relating to eligibility and enrollment, and for national security reasons.
- **Uses and Disclosures Requiring Authorization:** For uses and disclosures beyond treatment, payment, and operations purposes, and for reasons not included in one of the exceptions described above, the Plan is required to have your written authorization. For example, uses and disclosures of psychotherapy notes, uses and disclosures of PHI for marketing purposes, and disclosures that constitute a sale of PHI would require your authorization. Your authorization can be revoked at any time to stop future uses and disclosures, except to the extent that the Plan has already undertaken an action in reliance upon your authorization.
- **Uses and Disclosures Requiring You to Have an Opportunity to Object:** The Plan may share PHI with your family, friend, or other person involved in your care, or payment for your care. We may also share PHI with these people to notify them about your location, general condition, or death. However, the Plan may disclose your PHI only if it informs you about the disclosure in advance and you do not object (but if there is an emergency situation and you cannot be given your opportunity to object, disclosure may be made if it is consistent with any prior expressed wishes and disclosure is determined to be in your best interests; you must be informed and given an opportunity to object to further disclosure as soon as you are able to do so).

## **Your Rights Regarding Your Protected Health Information**

You have the following rights relating to your protected health information:

- **To Request Restrictions on Uses and Disclosures:** You have the right to ask that the Plan limit how it uses or discloses your PHI. The Plan will consider your request, but is not legally bound to agree to the restriction. To the extent that it agrees to any restrictions on its use or disclosure of your PHI, it will put the agreement in writing and abide by it except in emergency situations. The Plan cannot agree to limit uses or disclosures that are required by law.
- **To Choose How the Plan Contacts You:** You have the right to ask that the Plan send you information at an alternative address or by an alternative means. To request confidential communications, you must make your request in writing to the Privacy Official. We will not ask you the reason for your request. Your request must specify how or where you wish to be contacted. The Plan must agree to your request as long as it is reasonably easy for it to accommodate the request.
- **To Inspect and Copy Your PHI:** Unless your access is restricted for clear and documented treatment reasons, you have a right to see your PHI in the possession of the Plan or its vendors if you put your request in writing. The Plan, or someone on behalf of the Plan, will respond to your request, normally within 30 days. If your request is denied, you will receive written reasons for the denial and an explanation of any right to have the denial reviewed. If you want copies of your PHI, a charge for copying may be imposed but may be waived, depending on your circumstances. You have a right to choose what portions of your information you want copied and to receive, upon request, prior information on the cost of copying.
- **To Request Amendment of Your PHI:** If you believe that there is a mistake or missing information in a record of your PHI held by the Plan or one of its vendors you may request in writing that the record be corrected or supplemented. The Plan or someone on its behalf will respond, normally within 60 days of receiving your request. The Plan may deny the request if it is determined that the PHI is: (i) correct and complete; (ii) not created by the Plan or its vendor and/or not part of the Plan's or vendor's records; or (iii) not permitted to be disclosed. Any denial will state the reasons for denial and explain your rights to have the request and denial, along with any statement in response that you provide, appended to your PHI. If the request for amendment is approved, the Plan or vendor, as the case may be, will change the PHI and so inform you, and tell others that need to know about the change in the PHI.
- **To Find Out What Disclosures Have Been Made:** You have a right to get a list of when, to whom, for what purpose, and what portion of your PHI has been released by the Plan and its vendors, other than instances of disclosure for which you gave authorization, or instances where the disclosure was made to you or your family. In addition, the disclosure list will not include disclosures for treatment, payment, or health care operations. The list also will not include any disclosures made for national security purposes, to law enforcement officials or correctional facilities, or before the date the federal privacy rules applied to the Plan. You will normally receive a response to your written request for such a list within 60 days after you make the request in writing. Your request can relate to disclosures going as far back as six years. There will be no charge for up to one such list each year. There may be a charge for more frequent requests.

## **How to Complain About the Plan's Privacy Practices**

If you think the Plan or one of its vendors may have violated your privacy rights, or if you disagree with a decision made by the Plan or a vendor about access to your PHI, you may file a complaint with the person listed in the section immediately below. You also may file a written complaint with the Secretary of the U.S. Department of Health and Human Services. The law does not permit anyone to take retaliatory action against you if you make such complaints.

## **Notification of a Privacy Breach**

Any individual whose unsecured PHI has been, or is reasonably believed to have been used, accessed, acquired or disclosed in an unauthorized manner will receive written notification from the Plan within 60 days of the discovery of the breach.

If the breach involves 500 or more residents of a state, the Plan will notify prominent media outlets in the state. The Plan will maintain a log of security breaches and will report this information to HHS on an annual basis. Immediate reporting from the Plan to HHS is required if a security breach involves 500 or more people.

## **Contact Person for Information, or to Submit a Complaint**

If you have questions about this notice please contact the Plan's Privacy Official or Deputy Privacy Official(s) (see below). If you have any complaints about the Plan's privacy practices, handling of your PHI, *or breach notification process*, please contact the Privacy Official or an authorized Deputy Privacy Official.

## NOTICE OF SPECIAL ENROLLMENT RIGHTS

### GEORGIA DENTAL ASSOCIATION EMPLOYEE HEALTH CARE PLAN

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to later enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage).

Loss of eligibility includes but is not limited to:

- Loss of eligibility for coverage as a result of ceasing to meet the plan's eligibility requirements (e.g., divorce, cessation of dependent status, death of an employee, termination of employment, reduction in the number of hours of employment);
- Loss of HMO coverage because the person no longer resides or works in the HMO service area and no other coverage option is available through the HMO plan sponsor;
- Elimination of the coverage option a person was enrolled in, and another option is not offered in its place;
- Failing to return from an FMLA leave of absence; and
- Loss of eligibility under Medicaid or the Children's Health Insurance Program (CHIP).

Unless the event giving rise to your special enrollment right is a loss of eligibility under Medicaid or CHIP, you must request enrollment within *30 days* after your or your dependent's(s') other coverage ends (or after the employer that sponsors that coverage stops contributing toward the coverage).

If the event giving rise to your special enrollment right is a loss of coverage under Medicaid or CHIP, you may request enrollment under this plan within *60 days* of the date you or your dependent(s) lose such coverage under Medicaid or CHIP. Similarly, if you or your dependent(s) become eligible for a state-granted premium subsidy toward this plan, you may request enrollment under this plan within *60 days* after the date Medicaid or CHIP determine that you or the dependent(s) qualify for the subsidy.

**GENERAL COBRA NOTICE**  
**Model General Notice of COBRA Continuation Coverage Rights**  
**(For use by single-employer group health plans)**  
**\*\* Continuation Coverage Rights Under COBRA \*\***

**Introduction**

You're getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

**You may have other options available to you when you lose group health coverage.** For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

**What is COBRA continuation coverage?**

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

**When is COBRA continuation coverage available?**

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

**For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. You must provide this notice in writing to the Plan Administrator. Any notice you provide must state the name of the plan or plans under which you lost or are losing coverage, the name and address of the employee covered under the plan, the name(s) and address(es) of the qualified beneficiary(ies), and the qualifying event and the date it happened. The Plan Administrator will direct you to provide the appropriate documentation to show proof of the event.**

### **How is COBRA continuation coverage provided?**

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

**Disability extension of 18-month period of COBRA continuation coverage**

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage. If you believe you are eligible for this extension, contact the Plan Administrator.

**Second qualifying event extension of 18-month period of continuation coverage**

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

### **Are there other coverage options besides COBRA Continuation Coverage?**

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicare, Medicaid, [Children's Health Insurance Program \(CHIP\)](#), or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at [www.healthcare.gov](http://www.healthcare.gov).

### **Can I enroll in Medicare instead of COBRA continuation coverage after my group health plan coverage ends?**

In general, if you don't enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period<sup>1</sup> to sign up for Medicare Part A or B, beginning on the earlier of

---

<sup>1</sup> <https://www.medicare.gov/sign-up-change-plans/how-do-i-get-parts-a-b/part-a-part-b-sign-up-periods>.

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don't enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.

## MICHELLE'S LAW NOTICE

(To Accompany Certification of Dependent Student Status)

Michelle's Law is a federal law that requires certain group health plans to continue eligibility for adult dependent children who are students attending a post-secondary school, where the children would otherwise cease to be considered eligible students due to a medically necessary leave of absence from school. In such a case, the plan must continue to treat the child as eligible up to the earlier of:

- The date that is one year following the date the medically necessary leave of absence began; or
- The date coverage would otherwise terminate under the plan.

For the protections of Michelle's Law to apply, the child must:

- Be a dependent child, under the terms of the plan, of a participant or beneficiary; and
- Have been enrolled in the plan, and as a student at a post-secondary educational institution, immediately preceding the first day of the medically necessary leave of absence.

"Medically necessary leave of absence" means any change in enrollment at the post-secondary school that begins while the child is suffering from a serious illness or injury, is medically necessary, and causes the child to lose student status for purposes of coverage under the plan.

If you believe your child is eligible for this continued eligibility, you must provide to the plan a written certification by his or her treating physician that the child is suffering from a serious illness or injury and that the leave of absence is medically necessary.

If you have any questions regarding the information contained in this notice or your child's right to Michelle's Law's continued coverage, you should contact Christy Biddy, VP of Health Insurance Services and Human Resources Manager, (770) 395-0224.

# New Health Insurance Marketplace Coverage Options and Your Health Coverage

Form Approved  
OMB No. 1210-0149  
(expires 6-30-2023)

## PART A: General Information

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

### What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

### Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

### Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.<sup>1</sup>

**Note:** If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution -as well as your employee contribution to employer-offered coverage- is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

### How Can I Get More Information?

For more information about your coverage offered by your employer, please check your summary plan description or contact \_\_\_\_\_

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit [HealthCare.gov](http://HealthCare.gov) for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

<sup>1</sup> An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.

\*\* Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.
